Adelphi, Maryland (9/19/08) – The Top 100 Minority Business Enterprise Award sponsors are proud to announce that Kingdomware Technologies® has been selected to receive the prestigious Top 100 Minority Business Enterprise Award. This Top 100 Minority Business Enterprise Award program is designed to acknowledge and pay tribute to outstanding women and minority business owners in Maryland, Virginia and the District of Columbia. The awards ceremony will take place at the Inn and Conference Center at University of Maryland University College in Adelphi, Maryland on Thursday, November 6th.

“Kingdomware is proud to be recognized as a Top 100 minority business,” said Tim Barton, CEO. “With more than fifteen years of service to government and industry, Kingdomware is committed to providing continued quality solutions and value added services to our clients across the nation.”

Kingdomware provides technology, web and management solutions to enterprise problems. One of Kingdomware’s primary focuses is alleviating human capital challenges by improving the efficiency and effectiveness of government and corporate business operations through value added solutions and services.

A panel of distinguished judges chose finalists based on entrepreneurs that demonstrated outstanding achievement in four key areas: eligibility, entrepreneurship, professionalism and community contributions. This year’s ceremony host organizations are the University of Maryland University College, Southwest Airlines, the Governor’s Office of Minority Affairs and the Maryland Department of Transportation.

“Kingdomware represents the best of what our region’s minority business community has to offer,” said Sharon R. Pinder, founder of the Top 100 MBE Awards Ceremony (www.top100mbe.com). “This award is the culmination of sacrifice, dedication and hard work and will inspire future minority business entrepreneurs to strive for the same level of success.”
